## NEUTRON 8600

Non-Flammable Rust Penetrating Oil

This multi-purpose penetrant/lubricant with added corrosion protection is formulated to meet new safety and environmental standards. Non-flash point, no ozone depleting chemicals and a non-flammable propellant, provides an extra degree of safety required in and around the industrial workplace. Silicone free, no messy, gummy residue. Removes tar, grease, and adhesives. Fast acting, deep penetrating lubricant/rust inhibitor is perfect to lubricate and protect disassembled equipment, engines, and hydraulics from corrosion. Ideal for lubrication of hinges, latches, cables and pulleys.

- Loosen, clean, and lubricate frozen nuts, bolts and rusted parts.
- Reducts friction. Stops squeaks.
- Used to displace moisture and water from electrical equipment.
- Saturate armature and field windings, stops rust Non-conductor, this will dry out electrical and electronic equipment.
